

Learn more about the Surrey Langley SkyTrain Station Designs

The Surrey Langley SkyTrain project will extend the Expo Line along Fraser Highway from King George Station in Surrey to the terminus station at 203 Street in Langley City Centre.

Between November 28 and December 12, 2024, the Province of B.C. will share what we heard in the first round of engagement and present updated designs for the eight new stations.

Join us!

Learn more about the project and view the updated designs of the eight future stations at an open house or virtual session, or provide your feedback through our online form.
